Session 2: January 8-9, 2011

Session 3: February 19-20, 2011

Session 4: March 26-27, 2011

Featured Speakers

Stephen Poss, D.D.S.- Session One December 4-5, 2010

Dr. Poss graduated from the University of Tennessee College Of Dentistry in 1983. For the past 10 years Dr. Poss has directed numerous live patient and hands-on courses at various teaching institutes and is also on the editorial team of the Reality publishing. Dr. Poss lectures nationally and internationally on esthetic dentistry and TMD. Dr. Poss is an active consultant to several dental manufacturers in the area of new product development and refinement. Dr. Poss has had numerous articles published in most of the leading dental journals. Dr. Poss maintains a cosmetic oriented restorative practice in Brentwood, Tennessee.

Rhys Spoor, D.D.S. - Session Two January 8-9, 2011

Dr. Rhys Spoor D.D.S., F.A.G.D. is an international educator in aesthetic and restorative dentistry. A recognized expert in dental and portrait photography, Dr. Spoor teaches advanced clinical programs to practicing dentists. Dr. Spoor continues to be a sought out lecturer in the dental profession for his artistic abilities, for his creativity, and his technical expertise.

Clayton Chan.- Session Three February 19-20, 2011

Dr. Chan is considered an authority on Neuromuscular Occlusion and instrumentation and was formerly the director of Neuromuscular Dentistry at the Las Vegas Institute. Dr. Chan maintains a private practice focusing on TMD, esthetic rehabilitation and ortho/orthopedic treatment. Dr. Chan has lectured nationally and internationally on the subject of neuromuscular occlusion and its clinical relevance to the dental profession. He is noted for his precision in dental occlusion, bite management and bite transfer techniques applying the gnathologic and neuromuscular principles. Dr. Chan trains dentists and their team to develop the diagnostic and treatment skills needed to successfully meet the occlusal challenges they face in their dental practice.

Ron Jackson, D.D.S. - Session Four March 26-27, 2011

Dr. Ron Jackson has published many articles on aesthetic and adhesive dentistry, and has lectured extensively across the United States and abroad. Dr. Jackson has presented at all the major U.S. scientific conferences, as well as at Esthetic Academies in Europe, Asia and South America. Dr. Jackson is Director of the Advanced Adhesive Aesthetic Dentistry and Anterior Direct Resin Programs at the Las Vegas Institute for Advanced Dental Studies. Dr. Jackson maintains a private practice emphasizing in comprehensive, restorative, and cosmetic dentistry.

Course Highlights

- Conservative aesthetics for an immediate smile makeover: Giving patients the best value by using techniques in cosmetic contouring, bleaching, and direct resin bonding.
- When to use laminates or crowns as the treatment of choice.
- Step-by-step procedures for treatment planning of simple and complex cases.
- Managing difficult patients before they manage you.
- Building the right team is essential.
- The importance of being your own photographer and how to become one if you are not.
- Why being paid first will increase your case acceptance.
- Incorporating Smile Design principles into removable prosthetics.
- Winning patients' trust by building lasting relationships.
- The importance of Occlusion and why it cannot be ignored.
- Different impression techniques that work better with materials you already use.
- Techniques in direct vs. indirect restorations.
- Create a successful practice with functional aesthetic dentistry.
- Adhesive dental principles that stick.
- Phase I: Orthotic use and Phase II: Bite Management.
- The art, science and simplicity of direct composites and aesthetic restorative excellence with inlays/onlays and metal-free crowns.
- Class II: Faster, easier and better direct resins.
- Choosing materials resin/ceramic, indications/contraindications-assuring success, simplified shade taking and lab communication, preparation-criteria and sequence.
- Hands-On Workshop- laboratory communication and preparation, principles of preparation and impressing, temporization-options and techniques, cementation vs. bonding techniques, bringing "it" out post-cementation, practical application of the Information, Dentistry principles for aesthetic and restorative success, the full-mouth case...
